I. Jurisdiction Overview

The Madison County Asbestos Litigation is Semi-Private. If your firm is not on the service list of at least one asbestos case, you will not be able to retrieve or view an asbestos case through File & ServeXpress (FSX). If your firm needs to file their Entry of Appearance, call or email Client Support at 888-529-7587/ support@fileandservexpress.com to have your firm added as counsel to your party in a particular case (please see page 7 of this document for additional information). Your appearance must be electronically filed on the same day as Client Support added you to the case or the integration with the court's case management system will remove the attorney from the case that night.

Attorney Registration & Disciplinary Commission (ARDC) Number- If your attorney will be entering an appearance and authorizing transactions in Madison County asbestos cases, be sure their ARDC number is entered in the Bar # field in their File & ServeXpress account with a leading "0" (zero).

e-Service is mandatory in all Madison County asbestos cases. Firms are required to electronically serve their documents in the Madison County Asbestos Litigation. Firms have the option of electronically filing their documents through File & ServeXpress (FSX).

II. How To Register to e-File & e-Serve with File & ServeXpress

Your firm’s designated account administrator should complete the File & ServeXpress registration process outlined below.

Why do I need to designate an account administrator? We recommend that you designate one or more staff person as an account administrator to manage the process of getting your firm’s users registered, trained and familiarized with the Court’s rules for e-Filing and e-Service.

Getting Started With Registration

If your firm does not have a File & ServeXpress account, you will need to create an account before adding users. Your firm must designate an administrator who will create the account and add the users. The administrator should follow the “Instructions for New Subscribers” in Section A below.

If your firm already has a File & ServeXpress account, contact your account administrator to obtain a user ID and password for yourself and anyone else who will need to e-File, e-Serve, receive e-Service or access documents in the cases. The administrator should follow the “Instructions for Existing Subscribers” in Section B below.

III. e-Filing into Your First Asbestos Case

The Illinois, Madison County Asbestos Docket is a “semi-private” litigation. As such, firms will not be able to search for nor access any case in this litigation until they are added to the service list of an active asbestos case. The following processes and procedures have been provided to ensure that your firm is appropriately added to the service list to allow you access to file your first Appearance.

In order to be sure that your firm is properly added to the service list, you will need to coordinate adding your attorney to a case on the backend on the same day that you wish to file your appearance. Once the appearance is accepted by the Court and your firm is added to the service list, you will have access to all Madison County Asbestos cases.

When you are ready to e-File into your first asbestos case, please follow the steps below:

STEP 1: Complete the below information:

Court: Madison IL 3rd Judicial Circuit Court

Case Number:

Case Name:

Party:

Party Type:

Law Firm

Lead Attorney:

STEP 2: Email your request to have your attorney added, the above information, and the date that you would like to e-File your appearance to support@fileandservexpress.com.

STEP 3: Wait for confirmation that your attorney has been added to the case and e-File the appearance prior to 11:59 PM on the same day. If the appearance is not e-Filed on the same day, the attorney will automatically be removed from the service list during the overnight integration with the Court.

Please note: you may add additional attorneys for your firm via the *Add Party/Attorney* functionality on the *Sending Parties* tab when you file your appearance.

Please review the following important information that will be helpful during the e-Filing process:

1. You must add a leading “0” to the authorizer’s ARDC# in File & ServeXpress *Preferences* in order for your filing to integrate properly with the Court’s Case Management System (CMS).
2. To ensure that your transactions integrate with the Court’s CMS, please double-check that both the *sending* and *authorizing* attorney selected in your filing:
 - a. Have an ARDC# on the File & ServeXpress system.
 - b. Have filed an appearance in the case (the Appearance can be filed in the same transaction with additional pleadings and the attorney can be added via the “Add Party/Attorney” button on the *Sending Parties* tab).
 - c. Are listed as an attorney on the pleading.
3. E-filing your firm’s Entry of Appearance correctly is critical to ensure your firm’s attorneys appear on the service list of the case and integrate successfully with the Court’s Case Management System. To E-file your Entry of Appearance correctly, follow these steps:
 - a. When E-filing your firm’s Entry of Appearance, select one of these document types available on the Documents Tab:
 - Appearance
 - Appearance – Fees Previously Paid
 - Special and Limited Appearance
 - Special and Limited Appearance – Fees Previously Paid

- b. Use the Add Attorney button on the Sending Parties tab for each additional attorney listed on the Entry of Appearance pleading. Failure to do so will result in the attorney not displaying on the service list of the case. If you have four attorneys listed on the Entry of Appearance, you will need to follow the Add Attorney steps 4 times for that party.

- c. On the Review & Submit tab, select the Lead Attorney as the Authorizing Attorney when submitting the transaction.

Firms should **NOT** combine multiple pleadings together as one PDF file. For example, a firm should upload their Motion for Summary Judgment, then upload their exhibits, and then their Proposed Order as separate documents . The court will reject any transaction that has combined their documents as one file, with the exception of Summonses. Information regarding electronic filing of a Summons along with the Summons Form is available on the File & ServeXpress *Resource Center*.

VII. Frequently Asked Questions

E-Filing & E-Service Overview

Q. What is e-Filing?

A. E-Filing is the electronic transmission of your document from your desktop to the Court's case and document management system. A simple user interface directs you through the process and provides you with a record of the transaction. Your document is added to an online docket, which remains available to you, your firm and the other firms in your case. The online docket builds a case history of the e-Filed documents, which can be accessed from anywhere that you have Internet access.

Q. What is e-Service?

A. E-Service is the electronic transmission of your document from your desktop to the online accounts of the parties on the service list in your case. A simple user interface directs you through the process and provides you with a record of the transaction. You can use e-Service in conjunction with your e-Filing transaction – conveniently serving your e-Filed document on the other parties in your case in a single transaction – or you can e-Serve some or all of the other parties in your case with documents not being filed with the Court, such as correspondence and discovery. e-Served documents become part of the online docket and are accessible to the parties on which they were served.
